for rent at the best cost-performance ratio worldwide. We specialize in:

- **Film and Event production**
- Security Services
- **Outdoor (Open Air Festivals) and**
- **Indoor (Exhibition Halls, Conventions Centers) communication**

:: NEWS

Everything is new in... March! We've been shopping and have stocked up our rental shelves:

As of now we can offer you the brand new Motorola GP3688. 16 channels, UHF, 14 hour operating time and comfortable operation make this model highly recommendable.

:: Professional Radio Communication

We work exclusively with professional grade radio systems. That means that the frequencies used are reserved solely for us by the Federal Network Agency ensuring clear and uninterrupted communication.

:: Motorola Radios

Motorola Systems are the international standard in the area of radio communication and that is why we offer them exclusively. Sturdy construction, comfortable "ease-to-use" design and excellent reception - available with four or sixteen channels.

And in case you prefer something a bit smaller
The Motorola Radio A8

This Model is compact, comfortable and incredibly powerful:
professional grade radio UHF, 16 channels, 350g and all with the usual Motorola quality. Ideal for covert or discreet situations.

:: No charge for delivery time

We deliver throughout Europe by TNT one day before the start of the production and have TNT pick them up on the day after the production is complete. This time is not charged - only the actual rental period.

:: Long-term and bulk rebates

We are pleased to provide you with an offer specific to your situation, even a short notice. Our office is open 7 days a week from 9am to 6pm (CET). You can reach us toll free at +800.44.22.88.00 or mail@funkgeraete-vermietung.de.

Of course you can also come and pick them up in person. Address and directions are available on our "Contact" page.

Best regards,

Your Funkgeraete-Vermietung.de Team
